The Alabama Department of Revenue's (ADOR) Property Tax Division sets the standards and procedures for equalization of property values in all Alabama counties and ensures property is taxed uniformly throughout the state. The ADOR's purpose is to supervise and control the valuation, equalization, assessment property, and collection of all ad valorem taxes. The Property Tax Division also advises and assists county elected officials and their personnel, county commissioners, members of the boards of equalization, and other officials charged with mapping and appraisal duties, relating to laws, regulations, standards, and procedures governing property tax administration.
